Seal of Approval:

Description: Seal of Vegas License International. The seal is used to authenticate letters, licenses and papers issued by C-BYTE. The seal is used by C-BYTE as specified in ISO/IEC 9001 quality control for labels as original and genuine. This version of the seal dates from May 28, 2014, and consists of the top half of a shadow of a man, demonstrating proper etiquette in a tip of the hat to the right, a label stating the IEC/ISO revision & year - 17025:2005 - and the name of the testing lab - iTechLabs - used for testing of hardware, software and services.
